Dear Mr. Gormly:

This concerns the counterproposal and comments that you filed on behalf of Sierra Grande Broadcasting ("Sierra Grande") in MB Docket No. 04-218. Our *Notice of Proposed Rule Making* in MB Docket No. 04-218 (DA 04-1623) dismissed Sierra Grande's rulemaking request to allot Channel 296C1 to Cimarron, New Mexico, because it conflicts with the licensed transmitter site of FM Station KNKN, Channel 296C2, Pueblo, Colorado. Sierra Grande's counterproposal states that it has found a transmitter site that would not conflict with the presently licensed site of Station KNKN, but the engineering data it submitted is illegible.

We request that Sierra Grande send us a readable copy of the engineering data submitted with its original counterproposal and comments. This material should be sent to us and the other parties to this proceeding no later than thirty (30) days from the date of this letter.

The other parties to this proceeding who should receive this material include: counsel for Meadows Media, LLC, licensee of FM Station KLVF, Las Vegas, New Mexico: Barry D. Wood, Esq. and Paul H. Brown, Esq., Wood, Maines & Brown, Chartered; 1827 Jefferson Place, N.W.; Washington, D.C. 20036; and counsel for Sangre de Cristo Broadcasting Co., Inc., licensee of FM Station KMDZ, Las Vegas, New Mexico: Frank R. Jazzo, Esq., Fletcher, Heald & Hildreth, P.L.C.; 11th Floor, 1300 North 17th Street; Arlington, Virginia 22209-3801.

Sincerely,

A handwritten signature in dark ink, appearing to read "John A. Karousos".
